Yr 5/6 Junior Girls

Falcons vs Mundijong

Today's game was a tough for the girls. Our first quarter was very flat, we got behind the girls and told them that quarter was their warm up and to get out there and play the falcons way. The girls went out in the second quarter stronger and more motivated. Our defence and ball work was great even though it didn't show on the score board.

Myself and Coach Kyle are very pleased with the girls efforts today they never gave up, the heart and effort was there and they played hard till the very end. We can see what we are doing in training has been taken in and utilised in the game.
